NOTICE OF ANNUAL GENERAL MEETING

We have pleasure in enclosing the notice of annual general meeting (notice) and proxy form (grey) for The Foschini Group Limited's (TFG) 84th annual general meeting of shareholders (TFG shareholders or shareholders) to be held on Thursday, 2 September 2021, at 14h15.

The meeting will be conducted entirely by electronic communication as contemplated by section 63(2) of the Companies Act, No. 71 of 2008 (Companies Act) and clause 22.6 of the company's memorandum of incorporation (MOI), for the purpose of considering and, if deemed fit, passing with or without modification, the special and ordinary resolutions set out below in the manner required by the Companies Act as read with the JSE Limited Listings Requirements (Listings Requirements).

Against the backdrop of the COVID-19 pandemic and subsequent impact in South Africa, as well as the general uncertainty occasioned by COVID-19 and the related restrictions imposed by the South African government on travel and the holding of public gatherings, and the implementation of social distancing measures effective as at the date of this notice, thereby limiting the ability of TFG shareholders to physically attend the annual general meeting, the annual general meeting will be held entirely through electronic communication, having regard to and as contemplated in section 63(2) of the Companies Act and clause 22.6 of the MOI. TFG shareholders wishing to participate electronically in the annual general meeting are required to follow the prescribed procedures set forth in the notice under the section titled "electronic participation".

Included with this notice are the summary consolidated financial statements of TFG for the financial year ended 31 March 2021. The summary consolidated financial statements comprise a summary of the condensed consolidated financial statements of the Group for the year ended 31 March 2021. The condensed consolidated financial statements of the Group have been reviewed by Deloitte & Touche, in compliance with the applicable requirements of the Companies Act, and an unmodified review conclusion has been expressed thereon.

The summary consolidated financial statements have not been audited or reviewed, but have been extracted from the reviewed condensed consolidated financial statements. The directors of the Group take full responsibility for the summary consolidated financial statements and ensuring the financial information is correctly extracted from the underlying condensed consolidated financial statements.

TFG's 2021 integrated annual report and the audited annual financial statements for the year ended 31 March 2021 are available for viewing and downloading on the Group's website: www.tfglimited.co.za.

All requisite resolutions to effect the rights offer were passed by the requisite majority of shareholders at the Group's extraordinary general meeting held on Thursday, 16 July 2020. The rights issue consisted of an offer of 94 270 486 new TFG ordinary shares at a subscription price of R41,90 per rights issue share. The rights issue shares constitute 28,5% of TFG's post-rights issue ordinary share capital. The net proceeds raised amounted to R3,8 billion. The transaction costs relating to the rights issue amounted to R141,7 million and were accounted for as a deduction from equity.

12. RELATED PARTIES

During the year, the Group entered into related party transactions in the ordinary course of business, the substance of which are similar to those disclosed in the Group's annual financial statements for the year ended 31 March 2020.

13. CHANGES TO DIRECTORS

During the year, the following changes took place, as was communicated on the Stock Exchange News Service (SENS) on 29 July 2020 and 5 November 2020:

- G H Davin, an independent non-executive director, was appointed as the Lead Independent Non-Executive Director with effect from 1 August 2020;
- R Stein, previously categorised as a non-executive director, was classified as an independent non-executive director effective 29 July 2020; and
- Certain changes were made to the various Board committees effective 1 August 2020.

14. IMPAIRMENT OF PROPERTY, PLANT AND EQUIPMENT, RIGHT-OF-USE ASSETS AND GOODWILL AND INTANGIBLES

Impairment of property, plant and equipment and right-of-use assets

Property, plant and equipment and right-of-use assets are assessed at an individual store level for indicators of impairment. Stores with indicators of impairment are often marginally profitable and loss-making stores that we potentially seek to close by no later than the next lease renewal date. These stores usually are loss making and contribute negatively to the future projected cash flows or are not aligned with our expansion strategy. We continually assess the current store base and do not anticipate that these stores will return to profitability in the future until their respective closures. The total impairment of property, plant and equipment and right-of-use assets is R183,3 million and R239,5 million respectively.

Goodwill and intangibles

Indefinite life intangible assets and goodwill are tested at each reporting period for impairment. Prior to the testing of the relevant CGU's for impairment, the indefinite life brands are individually assessed for impairment. The Group is required to assess the recoverable amount in accordance with IAS 36 *Impairment of assets*. A detailed assessment is performed with a number of scenarios which have been weighted and stress tested accordingly. The key assumptions used by management in setting the financial budgets for the initial five-year period include forecasted sales growth rates, expected changes to gross margin and EBITDA margins.

TFG London

An impairment charge of R2 958,1 million (GBP138,9 million), has been recognised in trading expenses in the current year. The impairment charge has been allocated to goodwill of R1 704,6 million and R1 253,5 million to brands. The impairment of the indefinite life brand, resulted in a release of R238,2 million in deferred tax recorded against this brand on the original accounting for the relevant business combination.

TFG Australia

No impairment was required as the recoverable amount exceeded the carrying amount.

15. ACCOUNTING STANDARD AMENDMENT ADOPTED IN THE CURRENT YEAR

The International Accounting Standards Board (IASB) issued COVID-19-Related Rent Concessions (amendment to IFRS 16), which became effective for annual reporting periods beginning on or after 1 June 2020 with earlier application permitted.

The Group has elected to utilise the practical expedient for all rent concessions that meet the criteria. The criteria are as follows:

- The change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- The reduction in lease payments affects only payments originally due on or before 30 June 2021; and
- There is no substantive change to other terms and conditions of the lease.

The practical expedient has been early adopted from 1 April 2020 for rent concessions that satisfy the criteria above. Accounting for the rent concessions as lease modifications would have resulted in the Group remeasuring the lease liability to reflect the revised consideration and discount rate, with the adjustment to the lease liability resulting in a decrease in the right-of-use asset. By applying the practical expedient, the Group is not required to reassess the lease liability and the effect of the change to the lease liability is reflected in profit or loss in the year in which the rent concession occurs. The impact on profit or loss amounted to R469,3 million and is accounted for within the occupancy costs line item under trading expenses.

Subsequent to the amendment issued, the IASB issued COVID-19-Related Rent Concessions beyond 30 June 2021 (Amendment to IFRS 16), which extends the period for which the practical expedient may be applied to 30 June 2022. The amendment becomes effective for annual reporting periods beginning on or after 1 April 2021, with earlier application permitted. Therefore the Group will continue to apply the practical expedient in accounting for COVID-19-Related Rent Concessions in the next financial year.

16. IMPACT OF COVID-19 ON FINANCIAL RESULTS AND GOING CONCERN

For the purposes of the current reporting year ended 31 March 2021, management has assessed COVID-19 and related impacts on the Group's operations.

Judgements and estimates applied in the current financial results

The preparation of these financial statements for the Group requires management to make estimates that affect the amounts reported in these financial statements and accompanying notes. Management applies their judgement based on historical evidence, current events and actions that may be undertaken in future. Actual results may ultimately differ from estimates.

Financial performance during the current year

TFG Africa

TFG Africa's retail turnover increased by 1,6% (ZAR) when compared to the same period in the previous financial year. Cash retail turnover for the year, contributing 69,3% to TFG Africa's total retail turnover, grew by 19,0% compared to the previous financial year.

TFG Africa credit

The demand for new accounts declined by 41,9% year-on-year due to the prevailing economic climate and a decrease in new account initiatives. The new account strategy remains conservative, reflected by approval rates averaging 14,9% for the current financial year. Credit retail turnover decreased by 23,6% year-on-year as a result of the muted new account growth and the impact of the lockdown on store activity. The retail net debtors' book of R6,6 billion decreased by 14,5% year-on-year. The allowance for impairment as a percentage of the debtors' book remained relatively stable at 20,7% (March 2020: 20,4%), as a provision for the impact of the COVID-19 pandemic on credit losses was retained.

TFG London

TFG London's retail turnover, contributing 12,7% to Group retail turnover, decreased by 49,7% (GBP) when compared to the same period in the previous financial year. Online performance continues to be negatively impacted by weaker department store online channels. Online retail turnover from TFG London's own sites for the year ended 31 March 2021 increased by 9,1% (GBP) compared to the previous comparable period. For the year ended 31 March 2021, online retail turnover contributed 12,0% to total Group retail turnover, up from an 8,4% contribution in the comparative 12-month period.

TFG Australia

TFG Australia's retail turnover, contributing 17,9% to Group retail turnover, decreased by 7,1% (AUD) when compared to the same period in the previous financial year. Online retail turnover in TFG Australia exceeded management's expectation with strong growth of 58,1% (AUD) in TFG Australia for the year ended 31 March 2021.

Impact of COVID-19 on trade receivables - retail

Collections from the trade receivables - retail book remained robust, but were c.12% lower compared to the prior financial year. Payments received on the active book however, when measured against the book balance, improved year-on-year in the last quarter of the financial year. A combination of in-office and work-from-home workforce enabled customer services and collection activity to continue unabated. A renewed focus on business process automation also improved operational efficiency. In direct response to the hard lockdown, additional payment channels were introduced. Customers are now able to make use of the Paynow facility, which allows instant payments online, using Snapscan, instant EFT or their credit/debit card. In addition, in response to the store closures during April and May, approximately 50% of the customer base as at March 2020 were given either one or two payment holidays.

The allowance for impairment of the trade receivables - retail book includes an assessment in the form of an overlay, to account for the potential effects of the COVID-19 pandemic on credit losses. This assessment was performed by evaluating the impact on credit losses experienced in the current financial year, due to the pandemic itself, and the various levels of lockdown and other interventions announced by governments where credit is offered. To calculate the overlay, management assigned probabilities to different scenarios, which reflect management's best estimate of the future impact of the pandemic with regards to its severity and duration.

16. IMPACT OF COVID-19 ON FINANCIAL RESULTS AND GOING CONCERN continued

Financial performance during the current year continued

Impact of COVID-19 on concession receivables

Concession receivables relates to balances due from stores located in the United Kingdom, Australia and internationally, where concessions are in place. The provision relating to concessions has taken into account the uncertain environment and forward-looking component available at 31 March 2021.

Impact of COVID-19 on leases

As a result of store closures, the Group communicated with various landlords with request for concessions or reductions in rental arrangements. Agreements were reached and rentals due for the months of April and onwards were withheld or only partially paid where trade has been impacted. Refer to note 15 for the adoption of the Exposure Draft ED/2020/2 COVID-19-Related Rent Concessions relating to the financial impact of these rental concessions or reductions.

Impact of COVID-19 on inventory

COVID-19 has had an impact on the total retail turnover which would have been achieved under normal operations in the run up and to and during the restrictions. The Group assessed the inventory provisioning to identify the impact. The impact relates to possible markdowns below cost due to end of season stock not sold during the closure period. The current season stock has been managed through a significant reduction in purchases in line with expected lower demand. The Group has made provision where it is anticipated that stock will be sold under circumstances which require significant discounting. The total inventory provision amounted to R662,0 million.

Impact of COVID-19 on property, plant and equipment, right-of-use assets and goodwill and intangible assets

Refer to note 14 for the impairments recognised on property, plant and equipment, right-of-use assets and goodwill and intangible assets as a result of COVID-19.

Going concern

The going concern assumption is evaluated based on information available up to the date on which the results are approved for issuance by the Supervisory Board. While there is continuing widespread economic uncertainty regarding the extent of the financial impact of COVID-19 on the segments in which the Group operates, the going concern assumption was considered to be appropriate for the preparation of the Group's results for the year ended 31 March 2021 and management is not aware of material uncertainties related to events or circumstances that may cast significant doubt upon the Group's ability to do so. The Group is adapting business as effectively as possible to deal with the dynamic environment within which we operate and continues to make significant progress in respect of our cost saving initiatives. The conclusion of the rights offer has also insulated the statement of financial position during this time of global economic uncertainty and allows the Group to further execute on the company's growth strategy and vision for the future. In this regard, key considerations included:

- **the Group's outlook regarding trading conditions that will persist into the foreseeable future:** trade has exceeded the amounts expected in the cash flow assessment in the range of varied scenarios that was performed, including assumptions regarding a worst case, slower rate of return to normal trading. Online retail turnover continues to exceed management's expectation across all our major territories, except in the United Kingdom. Despite the hard hit to TFG London due to stringent government-enforced lockdowns during the past financial year we are encouraged by current trade exceeding expectations since the reopening of non-essential retail in the UK on 12 April 2021, albeit with fewer physical store and concession routes to market. We however continue to explore alternative routes to market. In addition, following completion of the final phase of portfolio integration to the single TFG London operating platform, the conclusion of the associated head office restructuring and the closure of 230 non-profitable stores and concessions, we are able to take the business forward with a more efficient infrastructure and an appropriately reduced cost base in place.
- **the Group's debt service and covenants requirements:** the Group has complied with its financial covenants for the reporting period. The Group currently has adequate available unutilised facilities in place of R5,5 billion, as well as available cash of R4,8 billion as at 31 March 2021.
- **the Group's working capital requirements and access to short-term funding:** the Group is managing its cash resources through rental negotiations, minimising expenditure and capex, cutting back on purchases in line with expected demand and securing government assistance where available. The Group has also accessed government funding, where available, in each of our territories of operation and also continues to prioritise cost savings initiatives across all operations and business optimisation initiatives in TFG Africa and TFG London.

Management is confident that there is adequate short-term available funding to meet working capital requirements in the normal course of its operations. The Supervisory Board has assessed the solvency and liquidity of the Group and is satisfied with the Group's ability to continue as a going concern for the foreseeable future.

17. BUSINESS COMBINATIONS – JET ACQUISITIONS

Jet is a leading Southern African retailer (by brand recognition and market share) and will provide TFG with a strategically important expansion into the value segment of the Southern African retail apparel market. TFG concluded an agreement to acquire certain commercially viable stores and stock-holding of Jet in South Africa (effective 25 September 2020) and in Botswana, the Kingdom of Eswatini, Lesotho and Namibia (effective on various dates in December 2020 and January 2021). The Group acquired 425 Jet stores for a consideration of R385,3 million.

TFG has measured the identifiable assets and liabilities of Jet at their acquisition-date fair values.

The provisional at-acquisition values are presented below:

	Rm
Non-current assets	2 422,8
Property, plant and equipment	229,7
Intangible assets	754,1
Right-of-use assets	1 439,0
Current assets	538,1
Inventory	534,9
Cash and cash equivalents	3,2
Non-current liabilities	1 229,2
Lease liabilities	950,4
Deferred taxation liability	278,8
Current liabilities	637,4
Trade and other payables	148,8
Lease liabilities	488,6
Total identifiable net assets at fair value	1 094,3
Gain on bargain purchase arising from acquisition	(709,0)
Purchase consideration	385,3
Satisfied by:	
Cash consideration	377,3
Deferred consideration	8,0
Total consideration	385,3
Cash consideration	377,3
Less: Cash and cash equivalents acquired	(3,2)
Net cash outflow on acquisition	374,1

A gain on bargain purchase of R709,0 million has been recognised in profit or loss in the current year. A gain on bargain purchase occurs when the fair value of net assets of the acquiree exceeds the purchase consideration paid by the acquirer. The gain on bargain purchase arose from a combination of Edcon Limited (the previous owner of the Jet business) being managed under business rescue in terms of the Companies Act and TFG being strategically well placed to absorb the commercially viable parts of the Jet business, to integrate the business successfully and to secure the jobs of approximately 5 200 employees. Acquisition costs related to the Jet acquisition of R16,8 million have been expensed in the current year in profit or loss.

Revenue resulting from the Jet acquisition included in the reporting year is R2,2 billion.

It would be impractical to provide revenue and profit or loss if the business was operating from the beginning of the year as only certain stores and aspects of the Jet business was acquired into the Group and therefore any results would not be entirely accurate and be of no value to the user.

18. INSURANCE ARRANGEMENT

TFG acquired an 85% stake in Hollard Business Associates Proprietary Limited (HBA) during the current year. This acquisition contributes to a seamless customer transition as part of TFG's acquisition of the Jet retail business, maximises customer retention and leverages existing shared intellectual property, processes and systems that have already been put in place by the Jet and Hollard management teams. The transaction entailed TFG subscribing for a special class of shares (AS-shares) in Hollard Business Associates Proprietary Limited. The subscription price for the HBA Shares was an amount equal to R127,0 million.

The investment in Hollard Business Associates Proprietary Limited has been accounted for as a financial instrument measured at fair value through profit or loss. Refer to note 19 for the details of the fair value hierarchy relating to this investment. The fair value loss adjustment of R3,2 million and dividends received of R34,8 million was recognised in other income in the current year. The investment on the statement of financial position is R123,8 million at year-end.

19. FAIR VALUE HIERARCHY OF FINANCIAL ASSETS AND LIABILITIES

	Year ended 31 March 2021 Rm	Year ended 31 March 2020 Rm
Level 2		
Forward exchange contracts – asset	-	320,1
Forward exchange contracts – liability	(106,2)	-
Insurance cell captive receivables	292,5	260,9
Investment in insurance arrangement	123,8	-
Level 3		
Put option liability	(45,5)	(54,2)

Measurement of fair values:

The following valuation techniques were used for measuring level 2 fair values:

Forward exchange contracts

The fair values are based on authorised financial institution quotes. Similar contracts are traded in an active market and the quotes reflect the actual transactions in similar instruments.

Insurance cell captive receivables

The insurance cell captive receivables have been valued at its net asset value at the reporting date and approximates fair value.

Investment in insurance arrangement

The investment in insurance arrangement has been valued at its net asset value at the reporting date and approximates fair value.

The following valuation techniques were used for measuring level 3 fair values:

Put option liability

The Group has put/call arrangements with certain JV partners which is payable on a basis of 7 times pre-IFRS 16 EBITDA less pre-IFRS 16 net debt. The put/call liability will increase/(decrease) in line with the pre-IFRS 16 EBITDA increase/(decrease) times the multiple less pre-IFRS 16 net debt.

20. SUBSEQUENT EVENTS

Subsequent to year end, the Group acquired certain manufacturing assets from House of Monatic Proprietary Limited, Trade Call Investments Apparel Proprietary Limited, Radeen Fashions Proprietary Limited and The Joint Liquidators of Hanes South Africa Proprietary Limited (in liquidation) for a combined consideration of R23,4 million.

No further significant events took place between the year ended 31 March 2021 and date of issue of this report.

NOTES

A TFG shareholder is entitled to appoint one or more proxies (none of whom need be a shareholder of TFG) to speak and vote or abstain from voting in the place of that shareholder at the annual general meeting.

1. A TFG shareholder may therefore insert the name of a proxy or the names of two alternative proxies of the TFG shareholder's choice in the space provided, with or without deleting the words "the Chairman of the meeting". The person whose name appears first on the proxy form and who is present at the annual general meeting will be entitled to act as proxy to the exclusion of those whose names follow.
2. A TFG shareholder's instructions to the proxy must be indicated by the insertion of an "X" in the appropriate box or if a TFG shareholder wishes the proxy to cast votes in respect of a lesser number of TFG shares than the TFG shareholder owns, the requisite number of TFG shares should be inserted in the appropriate box. Failure to comply with the above will be deemed to authorise and instruct the Chairman of the meeting, if he is the authorised proxy, to vote in favour of the resolutions concerned at the annual general meeting, or any other proxy to vote or abstain from voting at the annual general meeting as he deems fit, in respect of the TFG shareholder's total holding.
3. The completion and lodging of this proxy form will not preclude a TFG shareholder from participating in the annual general meeting and speaking and voting in person thereat to the exclusion of any proxy appointed in terms hereof, should such TFG shareholder wish to do so.
4. In case of joint holders, the vote of the most senior who tenders a vote, whether in person or by proxy, will be accepted to the exclusion of the votes of the other joint holders, for which purpose seniority will be determined by the order in which the names appear on TFG's register of shareholders in respect of the joint holding.
5. The Chairman of the annual general meeting may reject or accept any proxy form which is completed and/or received otherwise than in accordance with these notes.
6. Documentary evidence establishing the authority of a person signing this proxy form in a representative capacity must be attached to this proxy form unless previously recorded by the transfer secretaries or waived by the Chairman of the annual general meeting.
7. Any alteration or correction to this proxy form must be initialled by the signatory/ies but will only be validly made if such alteration or correction is accepted by the Chairman of the annual general meeting.
8. Proxy forms must preferably be emailed to TFG, c/o Computershare Investor Services Proprietary Limited, at proxy@computershare.co.za, to be received preferably by no later than 14h15 on Wednesday, 1 September 2021.
9. If the annual general meeting is adjourned or postponed, proxy forms submitted for the annual general meeting will remain valid in respect of any adjournment or postponement of the annual general meeting unless the contrary is stated on such proxy form.
10. The appointment of a proxy or proxies:
 - a) is suspended at any time and to the extent that a TFG shareholder chooses to act directly and in person in the exercise of any rights as a TFG shareholder;
 - b) is revocable, in which case a TFG shareholder may revoke the proxy appointment by:
 - i) cancelling it in writing or making a later inconsistent appointment of a proxy; and
 - ii) delivering a copy of the revocation instrument to the proxy and the transfer secretaries, Computershare Investor Services Proprietary Limited, via email to proxy@computershare.co.za;
 - c) if the instrument appointing a proxy or proxies has been delivered to the transfer secretaries, as long as that appointment remains in effect, any notice that is required by the Companies Act, as amended or the MOI to be delivered by TFG to the TFG shareholder must be delivered by TFG to:
 - i) the TFG shareholder; or
 - ii) the proxy or proxies, if the TFG shareholder has directed TFG to do so in writing and paid any reasonable fee charged by TFG for doing so.

SUMMARY OF THE RIGHTS OF A TFG SHAREHOLDER TO BE REPRESENTED BY PROXY

For purposes of this summary, the term “shareholder” shall have the meaning ascribed thereto in section 57(1) of the Companies Act.

Shareholders’ rights regarding proxies in terms of section 58 of the Companies Act include, *inter alia*, to at any time appoint any individual, including an individual who is not a shareholder of that company, as a proxy to participate in, and speak and vote at, a shareholders’ meeting on behalf of the shareholder.

A proxy appointment:

- must be in writing, dated and signed by the shareholder; and
- remains valid for:
 - one year after the date on which it was signed; or
 - any longer or shorter period expressly set out in the appointment, unless it is revoked in a manner contemplated in section 58(4)(c); or expires earlier as contemplated in section 58(8)(d) of the Companies Act.

Except to the extent that the MOI of TFG provides otherwise:

- a shareholder of that company may appoint two (2) or more persons concurrently as proxies, and may appoint more than one (1) proxy to exercise voting rights attached to the different securities held by the shareholder;
- a proxy may delegate the proxy’s authority to act on behalf of the shareholder to another person, subject to any restriction set out in the instrument appointing the proxy; and
- a copy of the instrument appointing a proxy must be delivered to TFG, or to any other person on behalf of TFG, before the proxy exercises any rights of the shareholder at a shareholders’ meeting.

Irrespective of the form of instrument used to appoint a proxy:

- the appointment is suspended at any time and to the extent that the shareholder chooses to act directly and in person in the exercise of any rights as a shareholder;
- the appointment is revocable unless the proxy appointment expressly states otherwise;
- if the appointment is revocable, a shareholder may revoke the proxy appointment by: cancelling it in writing, or making a later inconsistent appointment of a proxy; and
- delivering a copy of the revocation instrument to the proxy and to TFG.

The revocation of a proxy appointment constitutes a complete and final cancellation of the proxy’s authority to act on behalf of the shareholder as of the later of the date:

- stated in the revocation instrument, if any; or
- upon which the revocation instrument is delivered to the proxy and the relevant company as required in section 58(4)(c)(ii) of the Companies Act.

Should the instrument appointing a proxy or proxies have been delivered to the relevant company, as long as that appointment remains in effect, any notice that is required by the Companies Act or the relevant company’s MOI to be delivered by such company to the shareholder must be delivered by such company to:

- the shareholder, or
- the proxy or proxies if the shareholder has in writing directed the relevant company to do so and has paid any reasonable fee charged by TFG for doing so.

A proxy is entitled to exercise, or abstain from exercising, any voting right of the relevant shareholder without direction, except to the extent that the MOI of the relevant company or the instrument appointing the proxy provide otherwise.

If a company issues an invitation to shareholders to appoint one or more persons named by such company as a proxy, or supplies a form of instrument for appointing a proxy:

- such invitation must be sent to every shareholder who is entitled to receive notice of the meeting at which the proxy is intended to be exercised;
- the invitation or proxy form must bear a reasonably prominent summary of the rights established by section 58 of the Companies Act, contain adequate space to enable a shareholder to write in the name, and if so desired an alternative name, of a proxy chosen by the shareholder and provide adequate space for the shareholder to indicate whether the appointed proxy is to vote in favour of or against any resolution or resolutions to be put at the meeting, or abstain from voting;
- TFG must not require that the proxy appointment be made irrevocable; and
- the proxy appointment remains valid only until the end of the relevant meeting at which it was intended to be used, unless revoked as contemplated in section 58(5) of the Companies Act.
